Statewide Databases	N/A

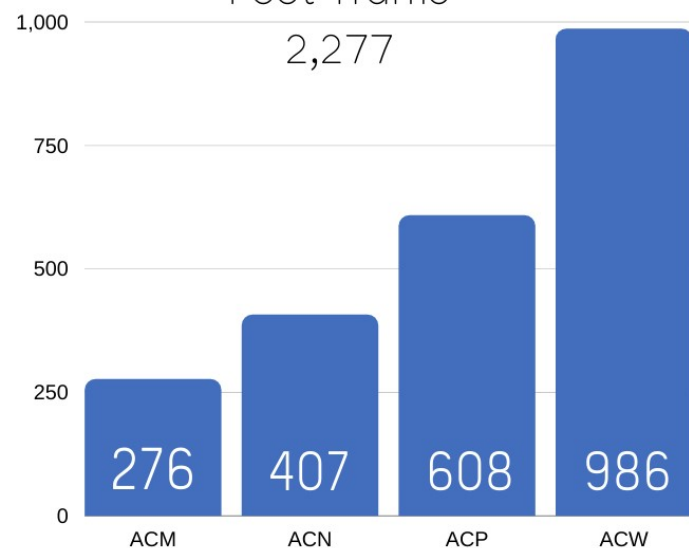

Ohio Digital Library  
Total Checkouts: 2020

Wireless Use: 3,483

Foot Traffic

This month we have been preparing 40 Hotspots for distribution for our patrons. We have received a grant where we receive free hotspots with one free year of unlimited service. We are still currently getting them set up and they should be ready to use within the next few days. These hotspots will be a great service to our patrons, and we believe they will be very popular especially in these times.

Also, some of our equipment has started to roll in. Soon we should be able to start implementing some of the new hardware like servers. Once that gets settled we can start working on setting up our recently acquired desktops. Due to CoVid-19, we are still waiting on some equipment to arrive, as demand for electronics has been very high. Our Laptops are now scheduled to arrive until February.
