Includes MERV 16 Aprilaire Model 2*10 air cleaner. Also all material associated with adapting existing electric, vent, gas line, control wiring, drain & sheet metal to new furnace.
S9V2-VS	\$ 7,800.00	Trane 97% efficient, 120,000 BTU, upflow, propane gas furnace with a variable speed blower and 2 stage gas control with a 13 SEER , 3 phase a/c unit, indoor coil, Trane digital thermostat and refrigeration line set. Includes MERV 16 Aprilaire Model 2*10 air cleaner. Also all material associated with adapting existing electric, vent, gas line, control wiring, drain & sheet metal to new furnace.

Filter only

Unit #2	\$ 1,300.00	Removal and reinstallaton of existing furnace to install Aprilaire MERV 16 air cleaner behind furnace. Air cleaner must go behind furnace due to height restrictions with indoor coil and supply plenum.
---------	-------------	--

There are other combinations using these two a/c units with the various gas furnaces we priced for
 NOTE: the West Union furnace replacement last month that would lower the price. These prices are using the best furnace we have which is the one installed in West Union.
